Sir:

INTRODUCTORY COMMENTS

This application has been allowed pursuant to a Notice of Allowance mailed May 20, 2009. The issue fee is not yet paid.

Pursuant to 37 C.F.R. § 312, amendment of the specification of this application is requested in accordance with the following proposed amendment. No new issues are presented by the amendment, which is intended only to cure an obvious error that appears to have been introduced in the translation of the specification of the priority document into the English language for filing as the pending application. Accordingly, entry of the amendment is believed to be appropriate.
